

WATERGEL® Premium Comfort Foam

Outstanding Sleeping Comfort Thanks to a Relaxed Floating Feeling

The Sensationally Different Foam for Weightless Resting Comfort

For exceptional comfort, you need an exceptional foam. The special material properties of WATERGEL offer a completely new comfortable floating sensation.

Good sleep is a gift, as it is crucial to keep us healthy and productive. The stress, pressure, and challenging situations we are faced with in our everyday lives are much easier to deal with when we get a restful night's sleep. When we sleep, we need to fill up our energy reserves for the new challenges the day ahead has in store. The WATERGEL premium comfort foam makes this possible with its unique feeling of weightlessness. Thanks to its exceptional comfort properties, it provides supportive, weightless resting comfort and guarantees optimal relaxation and resting.

WATERGEL comfort foam is the ideal complement to the revolutionary premium comfort foams EvoPoreHRC® and EvoPoreVHRC®. It creates a wonderfully comfortable floating sensation, ensuring coziness and security through the night and a feeling of freshness and vitality upon waking.

Innovative Resting Comfort

WATERGEL is a particularly soft foam that adapts smoothly to the contours of the body and supports a feeling that is like floating on water, allowing body and mind to unwind more quickly.

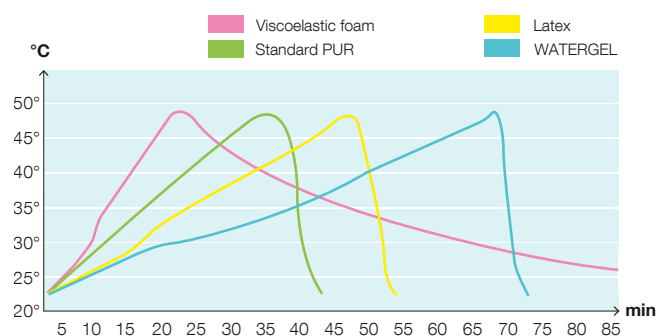

Exceptional Breathability

The open-cell pore structure of WATERGEL premium comfort foam is particularly breathable and therefore allows for optimal air circulation to create the ideal sleeping climate.

Innovative Climate Technology

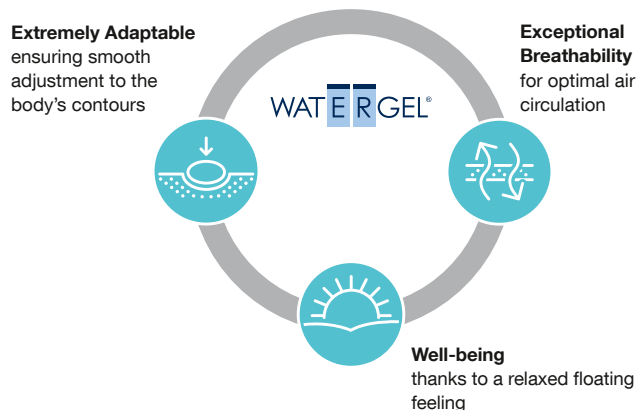

WATERGEL creates a refreshingly cool feeling when falling asleep and guarantees balanced climate control throughout the night. This, combined with its exceptional breathability, allows this premium comfort foam to create the ideal sleep climate and therefore ensure a restful sleep.
